

LCC Household Support Fund 2024/25 (Phase 6)

1. What is the Household Support Fund (HSF)?

1.1 This is a national scheme administered by the Council to support Leicester residents most in need with the cost of essentials. It can additionally be used to support housing costs where existing housing support schemes do not meet this exceptional need, to provide supplementary advice services and to prevent poverty locally and build local resilience (the Scheme).

1.2 The Scheme is part of a wider support package for families, children and pensioners including the Holiday Activities & Food Programme (HAF Programme), and will run from 1st October 2024 to 31st March 2025, subject to budgetary restrictions outlined below in section 3. Referrals and applications will be accepted from 5th November 2024 subject to any suspensions as notified on the council's website to allow the Council to manage application demand so that it is able to ensure it has sufficient capacity to undertake timely processing of applications received.

1.3 This document (the Policy) sets out the local eligibility framework and the Council's approach in administering the Scheme. The Policy is subject to change, and should any amendments or additions be made; the updated Policy will be republished. Any referrals received the day following any published amendments will be assessed in accordance with that updated Policy.

2. What is the aim of the Scheme?

2.1 The aim of the Scheme is to provide crisis support to vulnerable households in most need with the cost of essentials.

2.2 The expectation is that the Fund should be used to support households in the most need; particularly those who may not be eligible for the other support government has recently made available but who are nevertheless in need and who require crisis support. this may include, but is not limited to, people who are entitled to but not

claiming qualifying benefits. There may be groups who are particularly vulnerable to rising prices, for example large families or single-income families. It is important to stress that The Fund is intended to cover a wide range of low-income households in need including families with children of all ages, pensioners, unpaid carers, care leavers and disabled people, larger families, single person households or those struggling with one off financial shock or unforeseen events.

2.3 Disabled people in particular may be facing acute challenges due to the disproportionate impact that rising costs bring for the additional services they need in order to manage their conditions, remain independent and avoid becoming socially isolated. For example, some disabled people may be experiencing increased utility bills due to the usage of equipment, aids or adaptations associated with their disability. They may also have additional heating, water or transport costs.

2.4 People with caring responsibilities may be facing acute challenges incurred through fulfilling these responsibilities for vulnerable citizens due to the disproportionate impact that rising costs may bring for the additional services they need.

2.5 The Policy, in line with the guidance published by the DWP, seeks to make grant awards for all residents in respect of whom a valid referral is made during the operation of the Scheme and the full eligibility criteria outlined in section 4.1 below is satisfied, subject to the conditions contained within the Policy.

3. What are the main features of the Scheme?

3.1 Grant awards will be made from a limited budget allocation from Central Government of **£3,429,353** (“the Funding”), though the budget will also be utilised to cover the cost of administering the Scheme, and direct funding allocations to households, Council departments and third-party organisations, meaning funding for distribution will be reduced accordingly. The Council will not be able to make further awards once the Government grant has been spent.

3.2 The Government grant conditions (“Conditions”) require that:

- a) the Council is to ensure that the grant is primarily allocated to support with the costs of energy (for heating, lighting and cooking), food, water (for household purposes, including sewerage) and other essential living needs in accordance with the Scheme guidance;
- b) by exception and where existing housing support has been exhausted, the Authority may allocate grant funds to support with housing costs (See 3.4 to 3.7 below);
- c) the Authority, during the Grant Period, is to facilitate applications for assistance under the Scheme from individuals who are eligible for assistance in its area.
- d) the Authority may, in accordance with the Scheme guidance, allocate a limited portion of the grant to fund the provision of advice to individuals that is likely to assist those individuals in meeting their essential living needs in the longer term and complements other assistance provided to those individuals under the Scheme.

3.3 Subject to meeting the eligibility as contained in this Policy, successful claimants will receive a grant award. The nature of the grant to be given is at the discretion of the Council. Consideration will be given to the referral request and available information regarding the household's circumstances. Where a claimant is successful the following awards may be made:

- For all award types, a single award covering the grant period - repeat referrals will not be accepted.
- Only one claimant in each household will be considered to be eligible for the Scheme.

3.4 Professional referrals will be accepted from 13th November 2024. Grant awards will take the form of vouchers, or a letter redeemed for cash at a Post Office in respect of one or more items of the award as detailed below, the form of which will be at the discretion of the Council taking into account the claimant's circumstances and the resources at the Council's disposal. Please note, unused vouchers or letters may only be reissued once on request, and at the Council's discretion.

3.5 Eligibility is assessed as per household, taking into account household composition. A household is defined as the lead claimant, their partner, spouse or civil partner if they have one, any other adults living in the property, and any dependent

children. Where energy costs are required, the lead claimant should wherever possible be the individual named on the bill.

3.6 The definition of a household with a child is a household containing any person who will be under the age of 19 at the time of the award or a person aged 19 or over in respect of whom a child-related benefit (for example, Child Benefit is paid, or free school meals are provided).

3.7 The definition of a household with a pensioner is any household containing any person who has reached State Pension age at the time of the award.

3.8 The definition of disability and disabled people aligns with the definition in the Equality Act 2010. Therefore, a disabled person is someone who has a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on their ability to do normal daily activities. 'Substantial' is more than minor or trivial, for example it takes much longer than it normally would to complete a daily task like getting dressed; 'long-term' means 12 months or more, for example a breathing condition that develops as a result of a lung infection.

3.9 All grant awards must be redeemed by no later than 31st March 2025.

4. Am I eligible for support?

4.1 In order to be eligible for **any** grant award, a lead claimant in respect of a claimant household must meet the following criteria:

- be resident within Leicester, unless a household member is a foster carer for a child previously under the Council's care; and
- be liable for Council Tax at the property, or be able to provide evidence that they are liable for energy bills at the property, and
- be aged sixteen years or more; and
- be on a low income¹; and

¹ "low income" means you are receiving less than the average full-time wage in Leicester of £586.70 per week, or you receive a means-tested benefit such as Universal Credit, Tax Credits, Housing Benefit or Council Tax Support.

- have personal savings of less than £1,500; and
- be experiencing financial hardship.

4.2 A claimant household receiving district heating shall not be eligible for an award except for costs related to electricity. This restriction shall not apply where the claim is up to £100 to cover instances of disability-related increased energy expenditure, or where the property is considered 'out of scope' for meter fitting. Awards will be in the form of a direct credit to your District Heating account. Further awards may be made by exception only through your Housing Officer.

4.3 A claimant household consisting only of persons without recourse to public funds² will not be eligible for a grant award. The only exception in which such a household will be considered is where there is a genuine care need that does not arise solely from destitution leading to a statutory duty for the Council:

- there are community care needs, and/or;
- they have serious health problems, and/or;
- there is a risk to a child's wellbeing.

Households that meet the criteria are known to the Council's Persons from Abroad Team.

Appendix: Background and Legislative Framework

1. Finance and Monitoring

1.1 The Council will operate the scheme under Government guidelines. Grant awards are limited by government grant and cannot be increased.

1.2 The Council will undertake monitoring of the number and amount of grant awards in relation to the available relevant budget. The purpose is to ensure the grant awards budget has sufficient funds to meet demand throughout the period of the scheme.

1.3 The Council will also monitor cases where a grant referral has been refused to ensure decisions are being made fairly and consistently. The Council is subject to the general equality duty.

1.4 This means that steps will be taken to monitor implementation of this policy to ensure no one is subject to disproportionate adverse treatment because they had a protected characteristic. The general equality duty requires that the Council has due regard to the need to:

- Remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic
- Take steps to meet the needs of persons who share relevant protected characteristic that are different from the needs of persons who do not share it
- Foster good relations.

2. Legislative framework & equality monitoring arrangements

2.1 The Council may use any evidence and information supplied to it in respect of the Scheme to check the eligibility of the applicant in respect of this scheme or any other welfare benefit, discounts or exemptions in compliance with its powers and obligations under Data Protection Act 2018 and other legislation. Our data sharing and fair processing detail can be found at the following web link: <http://www.leicester.gov.uk/your-council-services/council-and-democracy/key-documents/internet-disclaimer/>

3. Definition of financial vulnerability to determine eligibility

3.1 The scheme is intended to support households who are financially vulnerable, having no or limited financial resilience and would be likely to present as:

- A working or benefit household on a low income, particularly those with a recent reduction in entitlement due to legislative changes, struggling to pay the bills (e.g. due to increases in gas/electricity tariffs) and just about managing financially (also known as cliff edge households); or
- Experiencing an immediate and unforeseen financial crisis, or;
- A household with Safeguarding needs (for professional referrals only, see 4. below)

3.2. The following characteristics are considered to be strong indications of financial vulnerability:

- Leaving care child up to the age of 25
- SEND child, particularly those with a care plan under EHCP
- Ex-Armed Forces

- Troubled Families
- Statutory homelessness
- Traveller communities
- Pre-existing chronic medical conditions such as heart disease, stroke, COPD,
- Diabetes or childhood asthma
- Mental ill-health that reduces individual's ability to self-care (including dementia)
- Pregnant women
- People with learning difficulties
- People assessed as being at risk of, or having had, recurrent falls
- People who are housebound or otherwise have low mobility
- Assessed as having a 'limited capacity for work' by the Department for Work & Pensions (on Universal Credit or Employment & Support Allowance)
- One or more children aged 0-4

4. Definition of safeguarding needs (risk to health and safety)

This crisis will be the cause of a severe risk to the health and safety of the applicant or an immediate family member/dependant(s). Examples of when your health and safety might be at severe risk include:

- no access to essential needs
- imminent deterioration/deterioration in health;
- domestic or sexual abuse;
- neglect and harm;
- breakdown of the family unit;
- exceptionally poor living conditions;
- onset of, or deterioration in the health of an immediate family member;
- risk of homelessness deemed to be unintentional;
- safeguarding including corporate parenting responsibilities (adult or child)
